Total assessment for the year 1920.....	17
Equalization .....	19
Capital Stock assessment.....	21
Court Decisions.....	23
Review of certain Capital Stock assessments.....	25
Suggested amendments to Revenue Laws.....	31
Comment on increase of taxes.....	35
Personal property for purpose of equalization.....	36—46
Combined Tables 2-3-4 and 5.....	46—57
Capital Stock assessment Steam & Electric R. R.....	58
Assessment of railroad property.....	87—116
Assessment of R. R. property distributed to counties.....	117—168
Assessed Value of R. R. property in each county.....	168—213
Assessment Capital Stock corporations.....	214-294
Statement of property assessed in counties year 1920.....	295—328
Statement of total assessed value of property in each county.....	329—331

## ACT CREATING THE TAX COMMISSION.

---

AN ACT *in relation to the assessment of property for taxation.*

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly:*

### GENERAL POWERS AND DUTIES OF THE TAX COMMISSION.

The term "local assessment officers," as used in this Act, shall mean and include township assessors, boards of assessors, the county treasurer and boards of review.

§ 2. The Tax Commission shall:

(1) Direct and supervise as provided by this Act, the assessment for taxation of all real and personal property in this State to the end that all assessments of property be made relatively just and equal;

(2) Confer with, advise and assist local assessment officers relative to the assessment of property for taxation;

(3) Prescribe general rules and regulations, not inconsistent with law, for local assessment officers relative to the assessment of property for taxation, which general rules and regulations shall be binding upon all local assessment officers and shall be obeyed by them respectively until reversed, annulled or modified by a court of competent jurisdiction;

(4) Prescribe or approve the form of blanks for schedules, returns, reports, complaints, notices and other documents, files and records authorized or required by and provision of law relating to the assessment of property, or by any rule and regulation of the commission and all assessing officers shall use true copies of such blank forms;

(5) Assess the railroad property denominated "railroad track" and "rolling stock";

(6) Assess, and value, in the manner provided by law, the capital stock, including the franchise, of all companies or associations now or hereafter incorporated under the laws of this State, except companies and associations organized for purely manufacturing and mercantile purposes, or for either of such purposes, or for the mining and sale of coal or for printing or for the publishing of newspapers or for the improving and breeding of stock, or for the purpose of banking, including any of such property as may have been omitted from assessment in any year or years, or which, from defective description has not paid any taxes for any year or years;

(7) Equalize the valuation and assessment of property throughout the State between the different counties of the State and fix the aggregate amount of the assessment for each county upon which taxes shall be extended;

(8) Keep a correct record of its acts and doings relative to the assessment of property and the equalization of assessments.

§ 3. The Tax Commission shall have power:

(1) To require local assessment officers to meet with it from time to time for the purpose of considering matters relative to taxation;

(2) To formulate and recommend legislation for the improvement of the system of taxation of property and for the equalization of the taxation of the State;

(3) To make such research and investigation as to the properties of corporations and the true values of the franchise and properties of all corporations incorporated under the laws of this State, except companies and associations organized for purely manufacturing and mercantile purposes, or for either of such purposes, or for the mining and sale of coal, or for printing or for the publishing of newspapers or for the improving and breeding of stock, or for the purpose of banking, as will enable it to ascertain the fair cash value of the capital stock, including the franchise, of such corporations as are assessed by it and to obtain such further data and information upon which general rules and regulations may be based;

(4) To investigate the tax systems of other states and countries;

(5) To request the institution of proceedings, actions and prosecutions to enforce the laws relating to the penalties, liabilities and punishment of public officers, persons, or officers or agents of corporations for failure or neglect to comply with this Act;

(6) To order in any year a re-assessment of all real and personal property, or real or personal property, or any class of personal property, in any county, or in any assessment district thereof, when in its judgment such re-assessment is desirable or necessary, and for that purpose to cause such re-assessment to be made by the local assessment officers, and cause it to be substituted for the original assessment;

(7) To take testimony and proofs under oath and to require the production of books, papers and documents pertinent to any assessment, investigation or inquiry and for that purpose to subpoena and compel the attendance of witnesses;

(8) To require from all State and local officers such information as may be necessary for the proper discharge of its duties;

(9) To examine and make memoranda from all records, books, papers, documents, statements of account on record or on file in any public office of the State or of any county, township, road district, city, village, incorporated town, school district or any other taxing district of the State and all public officers having charge or custody of such records shall furnish to the commission information of any and all matters on file or of record in their respective offices;

(10) To adopt, from time to time, rules not inconsistent with law, for ascertaining the fair cash value of the capital stock, including the franchise, of corporations assessed by it.

§ 4. Certified copies of the records of the Tax Commission pertaining to the assessment of property and the equalization of assessments, attested by the seal of the Department of Finance, shall be received in evidence in all courts with like effect as certified copies of other public records.

§ 5. Each officer in the Tax Commission, each employee of the commission and each other competent person specially delegated in writing for that purpose, shall have the power to administer all oaths authorized or required under the provisions of this Act.

§ 6. Any sheriff, constable or other person may serve any subpoena issued under the provisions of this Act.

§ 7. The fees and mileage of witnesses attending any hearing held by the Tax Commission under the provisions of this Act, pursuant to any subpoena, shall be the same as those of witnesses in civil cases in the Circuit Court in counties of the second class. Such fees and mileage shall be paid by the State.

§ 8. In case any person refuses to comply with any subpoena issued by the Tax Commission, or to produce or to permit the examination or inspection of any books, papers and documents pertinent to any assessment, investigation or inquiry, or to testify to any matter regarding which he may be lawfully interrogated, the Circuit Court or County Court of the county in which such matter or hearing is pending, on application of the Tax Commission, shall compel obedience by attachment proceedings as for contempt, as in a case of disobedience of the requirements of a subpoena from such court on a refusal to testify therein.

§ 9. Upon the completion of the original assessments to be made by the Tax Commission, it shall publish a full and complete list of such assessments in the State "official newspaper." Any person or corporation feeling aggrieved by any such assessment may, within ten days of the date of publication of such "official newspaper" containing such list, apply to the Tax Commission for a review and correction of the assessment complained of. Upon such review the Tax Commission may make such correction, if any, therein as may be just and right.

§ 10. Any person feeling himself aggrieved by any assessment made by the Tax Commission may appeal to the Circuit Court of the county in which such property or some part thereof is situated, for the purpose of having the lawfulness of such assessment inquired into and determined.

The person taking such appeal shall file with the Tax Commission written notice of such appeal, which notice shall state in full the grounds of such appeal. Such notice of appeal shall be filed within ten days after such assessment is made and notice given thereof. Thereupon the Tax Commission shall prepare and transmit to the clerk of the court to which such appeal is taken a copy of such notice of appeal and a copy of all evidence, documents, papers, books and files pertaining to such appeal, which copies shall be certified to as correct by the Director of Finance. The appeal shall be heard without formal pleadings upon the record so certified by the Tax Commission. Appeals shall lie from the judgment of the Circuit Court to the Supreme Court. The remedy by appeal herein provided for shall not be construed to be exclusive.

§ 11. No appeal to the Circuit Court from an assessment made by the Tax Commission shall stay or suspend any assessment or the extension of any taxes thereon. If the court, by its final judgment, should set aside or reduce such assessment, and the taxes so erroneously assessed

shall have been paid, the person or corporation so erroneously paying such taxes shall be entitled to a refund thereof as provided by section 268 of an Act entitled, "An Act for the assessment of property and for the levy and collection of taxes," approved March 30, 1872, in force July 1, 1872.

#### RE-ASSESSMENTS.

§ 12 Whenever it shall appear to the Tax Commission that the real or personal property in any county, or in any assessment district thereof, has not been assessed in substantial compliance with law, or has been unequally or improperly assessed, the Tax Commission may, in its discretion, in any year order a re-assessment for such year of all or any class of the taxable property in such county, or assessment district thereof. The Tax Commission may order such re-assessment made by the local assessment officers. The order directing such re-assessment shall be filed in the office of the county treasurer of the county in which such re-assessment has been ordered, except in counties having an elective board of review in which case such order shall be filed with the board of review.

§ 13. Such re-assessment shall be made in the same manner and subject to the same laws and rules as an original assessment and shall be subject to review and correction by the board of review as in case of an original assessment.

§ 14. For the purpose of reviewing and equalizing such re-assessment, the board of review of the county in which the re-assessment is made shall review and correct such re-assessment. The Tax Commission shall fix the time and place of the meeting of the board of review to review and correct such re-assessment. At least one week before the meeting of such board of review to review and correct such re-assessment, the board of review shall publish a notice of the time and place of its meeting for such purpose in at least one newspaper of general circulation published in the county in which such re-assessment is made. The board of review shall convene at the time and place fixed in such order and shall review, correct, return and certify such re-assessment in like manner, and shall have and exercise all the powers and authority given to boards of review and shall be subject to all the restrictions, duties and penalties of such boards.

§ 15. Such local assessment officer while engaged in making such re-assessment, shall have custody and possession of the assessment books containing the original assessment and all property and other statements and memoranda relating thereto, and the person having the custody thereof shall deliver such assessment books and such property to the local assessment officer on demand. He shall, in making such re-assessment, have all the power and authority given by law to local assessment officers and shall be subject to all the restrictions, liabilities and penalties imposed by law upon local assessment officers.

§ 16. Such re-assessment, when completed and reviewed as provided herein, shall be the assessment upon which taxes for that year shall be levied and extended in the county or assessment district for which made,

§ 17. The necessary books, records and blank forms needful for the purpose of such re-assessment shall be furnished by the same authorities that furnish books, records and blank forms for an original assessment. The local assessment officer and the members of the board of review when convened in extraordinary session for the purpose of making such re-assessment or of reviewing and correcting the same shall receive the same compensation as for like service in making, or in reviewing, an original assessment, which compensation, as well as all other expenses in making the re-assessment, shall be paid by the county on the certificate of the Tax Commission.

#### EQUALIZATION.

§ 18. The Tax Commission shall act as an equalizing authority. It shall examine the abstracts of property assessed for taxation in the several counties as returned by the county clerks and the original assessments made by it, and shall equalize the assessments as in this Act provided. The Tax Commission may so lower or raise the total assessed value of property in any county as returned by the county clerk as shall make the property in such county bear a just relation to the assessed value of property in other counties. The total amount of such increase or decrease in any one county shall not exceed 10 per cent of the total assessed value of all property in the State as returned for purposes of taxation. The Tax Commission shall not reduce the aggregate assessed valuation in the State; nor shall it increase such aggregate valuation, except in such amount as may be necessary to a just equalization.

§ 19. The Tax Commission in equalizing the valuation of property as listed and assessed in different counties, shall consider the following classes of property separately, viz: personal property, railroad and telegraph property; lands; town and city lots; and the capital and other property of public utilities and of companies and associations assessed by the Tax Commission and, upon such consideration determine such rates of addition to or deduction from the listed or assessed valuation of each of such classes of property in each county, or to or from the aggregate assessed value of each of such classes in the State, as may be deemed by the Tax Commission to be equitable and just such rates being in all cases even and not fractional; and such rates, as finally determined by the Tax Commission shall not be combined.

§ 20. In equalizing the value of personal property between the several counties, the Tax Commission shall cause to be obtained the State averages of the several kinds of enumerated property, from the aggregate footings of the number and value of each; and the value of the several kinds of enumerated property in each county shall be obtained at those average values; and the value of the enumerated property thus obtained, as compared with the assessed value of such property in each county shall be taken by the Tax Commission to obtain a rate per cent. to be added to or deducted from the total assessed value of such property in each county. Whenever, in the opinion of the Tax Commission it is necessary, to a more just and equitable equalization of such property, that a rate per cent be added to or deducted from the value thus obtained

in any one or more of the counties, the Tax Commission shall have the right so to do; but the rate per cent heretofore required shall first be obtained to form the basis upon which the equalization of personal property shall be made.

§ 21. Lands shall be equalized by adding to the aggregate assessed value thereof, in every county in which the Tax Commission may believe the valuation to be too low, such rate per centum as will raise the same to its proper proportionate value, and by deducting from the aggregate assessed value thereof, in every county in which the Tax Commission may believe the valuation to be too high, such per centum as will reduce the same to its proper value. Town and city lots shall be equalized in the same manner herein provided for equalizing lands, and, at the option of the Tax Commission may be combined and equalized with lands.

§ 22. When the Tax Commission shall have separately considered the several classes of property as hereinbefore required, the results shall be combined in one table, and the same shall be examined, compared and perfected in such manner as the Tax Commission shall deem best to accomplish a just equalization of assessments throughout the State, preserving, however, the principle of separate rates for each class of property.

§ 23. In all cases of partial return from any county where the number of defaulting towns or districts does not exceed one-third of the whole number of towns or districts in the county, the Tax Commission may estimate the valuation in the towns or districts from which returns have not been received and may equalize the total valuation as in other cases.

§ 24. When the Tax Commission shall have completed its equalization of assessments for any year, it shall certify to the several county clerks the rates finally determined by it to be added to or deducted from the listed or assessed valuation of each class of property in the several counties. The respective assessments made by it on the capital stock, including the franchise, of corporations assessed by it (other than of the capital stock of railroads and telegraph companies) shall be certified by it to the county clerks of the respective counties in which such companies or associations are located. And said clerk shall extend the taxes for all purposes on the respective amounts so certified, the same as may be levied on the other property in such towns, districts, villages or cities in which such companies or associations are located. It shall also certify to the county clerk of the proper counties the assessments of "railroad track" and "rolling stock," and the assessments of the capital stock, including the franchise, of railroad and telegraph companies. And the county clerk shall distribute the value so certified to him to the county and to the several towns, districts, villages and cities in his county entitled to a proportionate value of such "railroad track" and "rolling stock," and capital stock, and shall extend taxes against such values the same as against other property in such towns, districts, villages and cities.

## MISCELLANEOUS.

§ 25. All records, books, papers, documents and memoranda pertaining to the State Board of Equalization shall, upon the taking effect of this Act, be transferred and delivered to the Tax Commission.

§ 26. On and after the taking effect of this Act all the powers and duties now conferred or imposed upon the State Board of Equalization and upon the Auditor of Public Accounts in relation to the assessment of property for taxation shall be transferred to and thereafter shall be exercised and performed by the Tax Commission.

§ 27. Whenever, in any law relating to the assessment of property for taxation, abstracts, reports, or schedules or other papers or documents, are required to be filed with, or any duty is imposed upon, or power vested in either the Auditor of Public Accounts or the State Board of Equalization, such abstracts, reports, schedules, or other papers or documents shall be filed with, such duty and power shall be discharged and exercised by the Tax Commission.

§ 28. Nothing contained in this Act shall be construed to give the Tax Commission any power, jurisdiction or authority to review, revise, correct or change any individual assessment made by any local assessment officer.

## REPEAL.

§ 29. The following Acts and parts of Acts are hereby repealed: Sections 100 to 116, both inclusive, of an Act entitled, "An Act for the assessment of property and for the levy and collection of taxes," approved March 30, 1872, in force July 1, 1872, and amendments thereto.

Sections 50 and 51 of an Act entitled, "An Act for the assessment of property and providing the means therefor, and to repeal a certain Act therein named," approved February 25, 1898, in force July 1, 1898, and amendments thereto.

Section 25 of an Act entitled, "An Act in regard to elections, and to provide for filling vacancies in elective offices," approved April 3, 1872, in force July 1, 1872.

APPROVED June 19, 1919.

## RULES ADOPTED BY TAX COMMISSION, JULY 30, 1919.

Rules adopted by the Tax Commission of the State of Illinois, July 30, 1919, for the equalization of assessments of real and personal property, and for the assessment of the capital stock of corporations, railroad companies, telegraph and telephone companies subject to assessment by the Tax Commission, and for the guidance of local assessment officers relative to the assessment of property by them.

\* \* \* \* \*

*First.* Every company and association incorporated under the laws of this State, except railroad corporations, telegraph and telephone companies, shall make out and deliver to the assessor a sworn statement of the amount of its capital stock on Tax Commission form No. 1. This statement shall be in addition to the schedule required by the following Rule No. 2.

*Second.* All persons and corporations required to list personal property with the assessor shall use Tax Commission form No. 2. Any person deducting debts from credits shall list such credits and verify the deductions claimed under oath as prescribed by sections 27, 28 and 29 of the Revenue Act on Tax Commission form No. 3.

*Third.* Shares of stock in incorporated banks organized under the National Bank Law, or under the laws of this State, and located in this State, shall be listed by the president or cashier of such banks respectively on Tax Commission form No. 4.

*Fourth.* All persons or corporations owning, operating or constructing a railroad shall, during the month of April in each year make out and return to the Tax Commission sworn schedules on Tax Commission form No. 5, and at the same time they shall make out and file with the county clerks of the respective counties in which their railroad is located, the schedule required by section 41 of the Revenue Act on Tax Commission form No. 6.

*Fifth.* County clerks shall make out and transmit to the Tax Commission statements of the property assessed for taxation in their respective counties on Tax Commission form No. 7. They shall make out detailed statements of railroad property in their respective counties in each year on Tax Commission form No. 8.

*Sixth.* All telegraph companies shall at the same time as provided for railroad companies in Rule No. 4, make out and return to the Tax Commission sworn schedules on Tax Commission form No. 9. All telephone companies shall at the same time make a similar return on Tax Commission form No. 10.

*Seventh.* The schedule of statements by corporations to the assessor to be returned by the assessor to the county clerk shall be made by the assessor on Tax Commission form No. 11.

*Eighth.* Fraternal beneficiary societies shall schedule all property in their possession or under their control on Tax Commission form No. 12. Insurance companies organized under the laws of this State, other than fraternal beneficiary societies, shall schedule all property in their possession or under their control on Tax Commission form No. 13.

*Ninth.* Banks (other than banks incorporated under the banking laws of this State or the United States) bankers, brokers and stockjobbers required to list their property and business under section 30 of the Revenue Act, shall use Tax Commission form No. 14.

*Tenth.* Pawnbrokers in addition to listing pawnbrokers' property under item 30 in Schedule 2 prescribed by Rule 2, shall return under oath all property pledged or held as pawnbroker on Tax Commission form No. 15.

*Eleventh.* For the purpose of ascertaining the fair cash value of the capital stock, including the franchise, of all companies and associations now or hereafter created under the laws of this State, and for the assessment of the same or so much thereof as may be found to be in excess of the equalized valuation of the tangible property of such companies and associations, respectively, the fair cash value of the shares of capital stock (consideration being given among other things, to the value of the shares of stock and the quotations of such shares in the market over such a period of time as may be reasonable, also the books of said corporations and the returns heretofore made to the Auditor of Public Accounts or to the Tax Commission, and such information as the Tax Commission has or may be able to obtain) and the amount of indebtedness (except indebtedness for current expenses excluding from such expenses the amount paid for the purchase or improvement of property) shall be combined or added together.

The Tax Commission shall then equalize said amount so obtained, so that said companies or associations shall be assessed as near as practicable upon a uniform basis with other property throughout the State.

From the aggregate amount so determined and equalized as aforesaid, there shall be deducted the aggregate equalized valuation of all tangible property of such corporation or association, respectively, and one-half of the remainder if any, shall be taken and held to be the assessed value of the capital stock of such corporation or association, including the franchise, over and above the tangible property thereof.

This rule shall be followed by all local assessment officers in assessing the capital stock, franchise and tangible property of all corporations and associations subject to assessment by them, including companies and associations organized for purely manufacturing and mercantile purposes, or for either of such purposes, or for the mining or sale of coal, or for printing, or publishing of newspapers, or for the improving and breeding of stock.

*Twelfth.* All corporation schedules shall be promptly returned by the assessor to the county clerk and those whose capital stock is subject to assessment by the Tax Commission shall be promptly transmitted by the county clerk to the Tax Commission at its office in Springfield; and the schedules of all other corporations shall be submitted by the county clerk to the Board of Review, except in Cook County, where they shall be submitted to the Board of Assessors.

*Thirteenth.* The capital stock and property of railroad corporations shall be assessed as listed and scheduled by them in the manner prescribed by Rule 11 as far as same is applicable and as provided by sections 40 to 52, inclusive, and sections 109 and 110 of the Revenue Act and in Tax Commission form No. 4.

#### RULES OF PRACTICE AND PROCEDURE GOVERNING MATTERS BEFORE THE TAX COMMISSION.

1. All complaints, petitions or answers in any proceeding before the Commission and every motion or application in relation thereto, and all letters and telegrams shall be addressed to the Tax Commission, Springfield, Illinois.

2. All hearings will be held in the office of the Commission at Springfield, unless otherwise ordered.

3. Original schedules, documents, files and records of the Commission shall not be removed from the office of the Commission, but said records may be examined or copies thereof obtained by any party interested, during business hours.

4. All exhibits filed in any petition or application or filed subsequently by any party to any proceeding, or filed at any hearing, shall be filed in duplicate and with one additional copy for each of the parties to the proceedings.

5. Any party or parties to any proceeding may by stipulation in writing filed with the Commission agree upon the facts or any portion thereof involved in the case; which stipulation shall be regarded and used as evidence at the hearing of the Commission, but if the Commission is not satisfied with such stipulation it shall not be bound thereby but may seek additional evidence.

6. Each matter coming formally before the Commission shall be given a number and title descriptive of the subject matter and such number and title shall be used on all papers filed with the Commission in that case.

7. All complaints, motions and applications shall be numbered, docketed and considered by the Commission in the order in which they are received, but for cause shown matters of public interest or importance may be advanced for hearing and disposition. The decision in each case shall be publicly announced when rendered.

8. If either party to any matter arising before the Commission desires to be heard orally or to offer evidence, or if the Commission is of opinion the matter should be argued orally or evidence heard, such cases will be set down for hearing and the parties notified of the time and place of such hearing.

9. All complaints, of assessments or applications for a review of same, or any other matter which may properly be presented to the Commission shall be in writing and shall consist of a short statement of the same, or any other matter which may properly be presented to the Commission, and may contain a brief of the points and authorities relied upon in support thereof, and shall be signed by the petitioner or applicant in person or by counsel. Complaints of assessments or applications for review shall be filed with the Commission within ten days from the publication of the assessment in the official newspaper. When complaint is so filed or application for review made, such assessment shall not be considered final until considered and passed upon by the Tax Commission and the decision announced. In case complaint is made of the action of any officer or person not connected with the Commission, the name and post office address of such officer or person must be given and the name and address of the complainant or applicant and the name and address of the attorney, if any, must appear upon the petition or application.

10. Application for a rehearing may be filed by any person or corporation affected by any order or decision of the Commission where a case has been considered on review and notice given of the decision on review which application for rehearing shall be in writing and shall be filed with the Commission within ten days after said decision on review has been rendered and notice thereof given, and the Commission may grant and hold a rehearing on such matter if in its judgment sufficient reason therefor appears. In case a rehearing is granted, notice will be given to all parties interested of the time and place thereof.

11. Petitions for rehearing shall state concisely the points supposed to have been overlooked or misapprehended by the Commission with proper reference to the particular portion of the original application for review relied upon, no oral argument shall be permitted upon petition for rehearing unless requested by the Commission.

12. An appeal shall lie from any assessment finally made by the Tax Commission after hearing on complaint or application for review, said appeal to be taken to the Circuit Court of the county in which the property assessed or some part thereof is situated. The person or corporation taking such an appeal shall file with the Tax Commission written notice of such appeal; stating in full the ground of such appeal within ten days after the final assessment shall have been so made on review and notice given thereof.

We beg to submit the following report of the Tax Commission for the year 1920:

The Tax Commission completed its assessment of all properties within the State of Illinois for the year 1920, on December 29th and certified the assessment of the capital stock of corporations in Cook County at the conclusion of hearings had on objections, that day to the county clerk of Cook County.

The records of our office as compiled from the reports submitted to us by the several county clerks of property assessed by the local assessors and boards of review together with property assessed by the Tax Commission, show the following results for the year 1920—net assessed value being one-half the equalized value:

Personal property, equalized and assessed.....	\$ 940,971,794
Lands, equalized and assessed.....	1,262,014,918
Town and city lots, equalized and assessed.....	1,679,788,485
Total assessed by local assessors and boards of review...	\$3,882,775,197
Steam railroads, equalized and assessed.....	\$287,930,239
Electric railroads, equalized and assessed.....	21,074,894
Capital stock, steam railroads, equalized and assessed.....	2,780,000
Capital stock, electric railroads, equalized and assessed.....	1,411,543
Total, steam and electric railroads.....	\$313,196,676
Capital stock, corporations outside of Cook County.....	\$10,163,730
Capital stock, Cook County corporations.....	28,852,530
Total capital stock assessed.....	\$ 39,016,260
Grand total, all property in State of Illinois.....	4,234,988,133
The grand total of the assessed value of all property within the State for the year 1919 was \$4,110,174,907 showing an increase in 1920 of \$124,813,226 in assessed value over that of 1919. This increase is apportioned as follows:	
Increase in lands.....	\$98,764,754
Increase in personal property.....	23,171,053
Increase in steam and electric railroads.....	2,126,161
Increase in capital stock of railroads.....	461,543
Increase in capital stock of corporations.....	3,987,975
Total increase .....	\$128,511,486
Decrease in assessed value, town and city lots.....	3,698,260
Net increase .....	\$124,813,226

#### ASSESSMENT OF STEAM AND ELECTRIC RAILROADS.

Schedules of most of the steam and electric railroads were filed with the Tax Commission during the first week of June, and on June 12, 1920, the Tax Commission took up for consideration the assessment of the property of steam and electric railroads and went into executive session for the purpose of considering this work.

On October 7, 1920, the Tax Commission concluded the assessment of the property of steam and electric railroads. This work involved

the valuation and assessment of the main track, second main track and all side tracks of the railroads, the rolling stock and equipment, and the buildings upon the right-of-way. This property was assessed according to the provisions of the statute and rules adopted by the Tax Commission, and will appear from the list of said railroad companies and the assessments thereof hereinafter set forth at pages 87 to 116.

The assessment of the capital stock of railroads could not be concluded until the reports were received from all of the county clerks showing the amount of tangible property belonging to each railroad company in the several counties, as fixed and determined by the local assessors or boards of review. Upon receipt of this information the Tax Commission also ascertained and fixed for taxation the amount of capital stock and franchise of the several railroads set forth in table No. 6, page 58, whose capital stock when equalized exceeded the equalized value of the tangible property as provided by statute and the rules adopted by the Tax Commission.

The assessment of the physical property of steam and electric railroads was published in the official newspaper, the Decatur Review, in the issue of October 23, 1920.

The assessment of the capital stock of railroads was published in the Decatur Review, in the issue of December 11, 1920.

#### ST. CHARLES AIR LINE.

The property commonly called the St. Charles Air Line consists of a railroad about three-quarters of a mile in length in the city of Chicago, extending from the right-of-way of the Illinois Central westerly just north of Sixteenth Street, to the west side of the Chicago River.

The right-of-way is from fifty to sixty feet in width, and is located upon property having a high commercial value.

The St. Charles Air Line is not incorporated but is owned jointly by the Illinois Central Railroad Company, the Chicago & Northwestern Railway Company, the Chicago, Burlington & Quincy Railroad Company and the Michigan Central Railroad Company. It consists of a main track, second main track and side tracks.

For many years the Chicago & Northwestern Railway Company, the Chicago, Burlington & Quincy Railway Company and the Michigan Central Railroad Company have been including each an undivided one-fourth interest of the property known as the St. Charles Air Line in their annual return, and the three-fourths interest was assessed by the State Board of Equalization at \$53,292. The Illinois Central Railroad Company has contended that its undivided one-fourth interest in the St. Charles Air Line property was a part of its charter line, and it refused to schedule its interest in said property with the State Board of Equalization or the Tax Commission as a part of its non-charter line property, and contended that its interest was included in its return of charter line assets to the State Auditor.

When the Tax Commission was organized in 1919 the returns of the three other proprietary lines had been made, and the Tax Commission assessed the three-fourths interests owned by said lines other than

the Illinois Central at \$58,855 for the year 1919, and notified each of said proprietary lines, including the Illinois Central Railroad Company, that it would require a separate return be made on behalf of the St. Charles Air Line by the four proprietary lines instead of incorporating their interest in this property along with their other railroad holdings.

Notwithstanding this request, the Chicago and Northwestern Railway Company, the Chicago, Burlington & Quincy Railroad Company and the Michigan Central Railroad Company, contended that their interests in the St. Charles Air Line Property should be returned as a part of their other railroad property as heretofore, and the Illinois Central Railroad Company declined to make any return, contending that it was a part of its charter line property.

The Tax Commission did not concur in the views expressed by the several proprietary lines, and after securing information from real estate experts in Chicago as to the value of the ground, and from the engineering department of the Interstate Commerce Commission as to the value of the railroad track and other superstructures on right-of-way, the Tax Commission assessed the value of the physical property of the St. Charles Air Line at \$712,544 full value for the year 1920.

Objections were filed by the four proprietary lines to this assessment, and after a full hearing before the Tax Commission the special objections of the Illinois Central Railroad Company, that its interest in said property was not subject to assessment by the Tax Commission because it was charter line property, and the general objections by all of the proprietary lines that the assessment was too high, were overruled, and said assessment was published in the official newspaper on October 23, 1920.

An appeal was prayed by the four proprietary lines to the Circuit Court of Cook County, and the same was perfected and said cause is now pending on appeal in the Circuit Court.

Objections were filed by nineteen steam railroads and eleven electric railroads, and hearings were had in all of these cases and with a few exceptions the objections were overruled. No appeals were taken from the decisions of the Tax Commission except in the case of the assessment of the property of the St. Charles Air Line above mentioned.

### EQUALIZATION.

In 1919, the Tax Commission ascertained from a careful investigation that there was a wide variation in the assessment of land values in the several counties of the State as fixed by the local assessors and boards of review. In some cases the full value of lands as determined by the assessors for the purpose of taxation was less than 30 per cent of the average fair cash value of lands in that county; while in other counties the value as determined by the assessor was as high as 60 per cent of the fair cash value. In the process of equalization for 1919 the Tax Commission raised the valuations in all counties where the value was fixed by the local assessor at less than 40 per cent, and lowered it in all counties where the valuation was higher than 50 per cent of the fair cash value, by adding or deducting a per cent for equalization that would bring the

equalized value of lands in the several counties to a valuation between 40 and 50 per cent of the fair cash value of lands in each county.

In 1920, the Commission inaugurated a system of investigation to ascertain the relative assessed value of lands in the several counties to the full fair cash value. Investigators were sent to a number of counties who took from the records the description and actual sale values of lands for the years 1917, 1918 and 1919, and then ascertained from the books of the assessor the full assessed value of the same tracts; 31,765 transfers were secured and tabulated and the work was completed in twelve counties and partially completed in three others. This data verified the investigation made by the Tax Commission in 1919 that the relative value of lands as fixed by the local assessor was between 30 and 60 per cent of the fair cash value of said lands, and the actual assessed value upon which taxes were extended represented only from 15 to 30 per cent of the fair cash value of said lands.

In order to effect an equitable equalization of land values for the purpose of State taxes, the commission increased the assessed value of lands in all counties where the full value as fixed by the local assessor was less than 50 per cent by adding a per cent thereto that would bring the full value of said lands up to approximately 50 per cent.

In 1919, as the result of the equalization by the Tax Commission to bring the valuation up to between 40 and 50 per cent, there was an increase of \$23,680,330 in land values. In 1920, the increase to bring the valuation up to approximately 50 per cent of the fair cash value increased the value of lands for the purpose of State taxes \$112,121,724.

// For the reasons set forth in our report for 1919 we found that no equitable basis could be determined upon for the equalization of personal property and town and city lots, as under the present revenue laws no standard of value can be secured for the raising or lowering of the assessed value of personal property and town and city lots. The statute requires that all personal property shall be equalized on the basis of the enumerated items of personal property, and as the per cent of the assessed value of enumerated items of personal property as compared to the entire value of personal property is less than 20 per cent, hence, it is impossible to equalize all personal property upon the relative value of so small a portion.

As an illustration of the difficulty of the equalization of personal property, a compilation of the 1920 return shows that the total assessed value of all personal property is \$929,316,767, but taking the per cent of additions and deductions necessary to bring the assessed value of the enumerated personal property to the State average value of enumerated personal property when applied to all personal property for 1920 would decrease the average assessed value of all personal property within the State by the sum of \$95,078,528.

The following table gives a summary of the various classes of property and their relative proportion as determined for the year 1920:

	Assessment by local assessor.	Per cent of assess- ment.	Assessed equalized value of all property.	Per cent of whole.
Enumerated value of personal property-----	\$171,022,932	a18		
Value of unenumerated personal property-----	758,293,835	a82		
Total personal property-----	*\$ 929,316,767	24.72	†\$ 940,971,794	22.21
Lands-----	1,149,893,194	30.60	1,262,014,918	29.80
Town and city lots-----	1,679,788,485	44.68	1,679,788,485	39.67
Total assessed by local assessors-----	\$3,758,998,446	100		
Railroad property assessed by Tax Commission--			313,170,623	7.39
Capital stock assessed by Tax Commission-----			39,005,610	.93
Total-----			\$4,234,951,430	100

a Per cent of total personal

\* Does not include personal property of railroad companies assessed by local assessors.

† Includes personal property of railroad companies assessed by local assessors.

Town and city lots vary in size and valuation, depending upon the city in which they are located to such an extent that the average value of a town or city lot computed on the basis of the number and value of lots in each county or the entire State would afford no measure for the equalization of the value of lots in any city or county; hence, until we have completed the securing of data as to the relative assessed and sale value of lots in each county we were of the opinion that we could not equitably equalize the value of town and city lots and therefore we accepted the valuation thereon as shown by the returns from the local assessors. However, we observed, that the 1920 returns show a decrease in the value of town and city lots from 1919, amounting to \$3,698,260.

### CAPITAL STOCK ASSESSMENT.

The Tax Commission commenced the assessment of the capital stock of corporations, other than steam and electric railroads on August 2, 1920, and concluded the assessment of all corporations outside of Cook County on October 7, 1920, and the same was published in the Decatur Review, the official newspaper, in the issue of October 30, 1920. The assessment of Cook County corporations was concluded on November 24, 1920, and was published in the Decatur Review on December 11, 1920.

The total number of corporations originally assessed was 3,248.

Petitions for review were filed on behalf of 560 companies.

For all corporations outside of Cook County, the hearings were had at the office of the Tax Commission in Springfield. There were 162 hearings had in Springfield.

The objections filed by corporations having their principal office in Cook County were set for hearing in Chicago. The Board of Review of Cook County tendered the Tax Commission the use of their rooms, and the Cook County cases were all disposed of during the month of December in Chicago. There were 398 hearings had in Chicago.

Of the total number of objections filed, 228 assessments were confirmed on hearing; 187 were cancelled on hearing; 95 cancellations were made on information without hearing; 234 assessments were reduced; 3

objections were withdrawn; and 4 original hearings were had before the assessments were published in the official newspaper.

Petitions for rehearing were also filed in several cases, which were disposed of before the assessments were completed and certified. There were 2,966 assessments certified to the county clerks.

The final assessment of the capital stock of all corporations, other than steam and electric railroads, appear on pages 214 to 294, inclusive, of this report.

The assessment of corporations outside of Cook County were certified to the several county clerks on December 15, 1920, and the assessment of the capital stock of Cook County corporations was certified on December 29, 1920.

It is the duty of the Tax Commission to assess the capital stock of railroads and certain corporations. Under the law, the real estate, buildings, and visible personal property, otherwise known as tangibles, except of railroads, are assessed by the assessor of the town in which such property is situated, and the value of such tangibles is deducted from the value of the capital stock. All property of railroads (except real estate not in use for railroad purposes, and materials, and supplies on hand, which are also assessed by the local assessor) is assessed by the Tax Commission.

To ascertain the value of the capital stock and franchise for assessment purposes, the value of the capital stock and permanent bonded indebtedness of the company are added together; an assessment is merely a valuation of property in all cases, and the difference between such amount and the assessed valuation of the tangible property is the balance left for capital stock assessment.

The shares of stock and the bonds of almost all the large corporations are bought and sold on the market on the New York, Boston and Chicago Stock Exchanges, and the market price of many of them can be found for any day of the year from the market reports printed in the public newspapers and the reports of the stock exchange transactions, so the value of the stock and the bonds of most of the railroads and large corporations can easily be ascertained. In every case the Tax Commission ascertained the market value of the stock and bonds of the various corporations it assessed and where the stocks and bonds were not quoted on the market, the value was ascertained by other methods of investigation, and as far as possible from actual transfers of such stock and bonds, and the actual price paid on or about the first of April, which is the time fixed in this State for the assessment of property. Necessarily, the values of stocks and bonds of many corporations fluctuate, and the assessment of the tangible property of corporations by local assessors and boards of review of the counties in which such tangible property is situated, varies from year to year. Generally speaking, there was a steady decline in the value of the capital stock and bonds of most corporations assessed by the Tax Commission during the years 1919 and 1920 from that of previous years, and during the same years there was an increase in the assessment or valuation of the tangible property of these same companies by local assessors. The bonds and preferred stock of most of these corporations was issued many years ago when 5 per cent

was about the highest rate of interest paid on such securities. During the past year when interest and discount rates advanced to 7 and 8 per cent, sometimes higher, 5 per cent bonds were quoted on the market at seventy cents on the dollar, or less. It is also a notorious fact that during the past year, the running expenses of most of these corporations, particularly railroads and public utility corporations assessed by the Tax Commission, for labor, fuel, material and supplies of all kinds, increased enormously. Many of them were unable to pay dividends on their stock, or interest on their bonds, and this still further depreciated the value of their capital stock and bonds, and in many cases left no margin between the capital stock and tangible property.

It is self-evident, therefore, that whether a capital stock assessment was raised or lowered in any one year, is no criterion of the propriety of such assessment. The Tax Commission, if it did its duty, could not arbitrarily raise a capital stock assessment, lower a capital stock assessment, or let it remain the same. The true test is whether the assessment in any one year of the capital stock as fixed by the Tax Commission represented the true value of such capital stock over and above its tangible property.

The laws under which the Tax Commission acts have been frequently passed upon and construed by both the Supreme Court of the State of Illinois and the Supreme Court of the United States, and the rules to be applied in the assessment of capital stock have been laid down and firmly established by many well considered tax cases, including many cases directly involving capital stock assessments made by the State Board of Equalization, which was succeeded by the Tax Commission. These laws and rules have been followed by the Tax Commission and a record kept in the case of every corporation assessed by it, in which the capital stock has been valued according to such rules and the market reports and the best evidence obtainable, and every corporation assessed has been given an opportunity to be heard. In the year 1919 evidence was taken in 429 cases, and for the year 1920 in 560 cases.

The Supreme Court of the United States, in the case of *Raymond v. Chicago Traction Company*, 207 U. S. 20, page 36, said:

"The case before us is one which the facts make exceptional. It is made entirely clear that the Board of Equalization did not equalize the assessments in the case of these corporations, the effect of which was that they were levied upon a different principle or followed a different method from that adopted in the case of other like corporations whose property the board had assessed for the same year. \* \* \* The most important function of the board, that of equalizing assessments in order to carry out the provisions of the Constitution of the State in levying a tax by valuation so that every person shall pay a tax in proportion to the value of his, her or its property,' was in this instance ignored, while the board was making an assessment which it had jurisdiction to make under the laws of the State. This action resulted in an illegal discrimination which under these facts was the action of the State through the board."

The Supreme Court of the State of Illinois, in the case of *The People's Gas Light Co. v. Stuckart*, 286 Ill. 164, February, 1919, say on page 177:

"The State Board of Equalization has the duty of equalizing the valuation of property as listed and assessed in the different counties of

the State in accordance with the provisions of the Revenue Act. It is also an assessing body, whose duty it is to assess, among other things, the capital stock of certain corporations, and it has the power to adopt rules for that purpose, which it is bound to adhere to and faithfully apply in all cases where they are applicable. An assessment arbitrarily made by the board in disregard of its own rules for ascertaining the value of the capital stock of corporations cannot be sustained. The Board of Equalization which made this assessment was bound to make it according to law and the rules which it had promulgated for assessing the capital stock of corporations. It did not do so, but knowingly and intentionally disregarded its rules completely, making no pretense of applying them in the great majority of cases and making its valuations in the individual cases according to its will without reference to the rules, instead of according to its judgment with reference to the rules. The appellant was knowingly and intentionally discriminated against and the result was a fraud upon it. The assessment cannot be sustained."

In this case, the Supreme Court found that the value of the capital stock at the time the assessment in question was made, September 28, 1909, (page 167) was \$115 per share.

The court further found:

"The testimony of Jackson indicates that the assessment of real estate did not exceed fifty-five per cent, and the evidence in regard to personal property tends to show an assessment no higher. No opposing evidence of any kind was offered. If the assessment of the appellant's corporate stock had been made on a similar basis—that is, fifty-five per cent of the fair cash value—the valuation of its capital stock and franchise would not have exceeded \$5,868,727 and the capital stock tax would have been much less than \$300,000. The appellant was entitled to a decree perpetually enjoining the collection of the tax." (Page 179.)

The Supreme Court of Illinois, in *People v. C. L. S. & E. R. R. Co.*, 286 Ill. 576, in February, 1919, held (page 579):

"The taxpayer is entitled to the honest judgment of the person or persons elected or appointed to fix the values, and a tax founded on an assessment which from corrupt and malicious motives is made excessive or is rendered unequal or unfair by fraudulent practices of the officers, or whereby property is arbitrarily assessed at too high a valuation, should not be sustained."

"It has also been held that where the valuation is so grossly out of the way as to show that the assessing body could not have been honest in its valuation and must reasonably have known that it was excessive, such fact is accepted as evidence of fraud on its part against the taxpayer."

The Supreme Court of Illinois, in *State Board of Equalization v. People*, 191 Ill. 528-548, quoting from a decision of the United States Supreme Court, say:

"In the tax cases reported in 2 Otto 575, Mr. Justice Miller speaking for the court says: It is obvious that where you have ascertained the current cash value of the whole funded debt and the current cash value of the entire number of shares, you have by the action of those who above all others can best estimate it, ascertained the true value of the road—all its property, its capital stock and its franchises, for these are all represented by the values of its bonded debt and of the shares of its capital stock."

In assessing the capital stock for the years 1919 and 1920, the Tax Commission ascertained the market value of shares of stock and the bonds outstanding on April 1, and taking the sum of these two values

as representing the invested capital, equalized the same on the basis of 60 per cent instead of 55 per cent as indicated by the Supreme Court in the People's Gas Case above quoted. From this equalized value of the invested capital there was deducted the full value, being double the assessed value of the physical property of the several corporations; physical property, as before stated, is ordinarily referred to as tangibles in the assessment of capital stock.

#### CHICAGO RAILWAYS COMPANY.

From Poor's Manual of Public Utilities, for the year 1920, the Tax Commission found that the shares of stock of this company had but little value; that par value of the bonded indebtedness outstanding on April 1 was \$95,973,234; and that the fair average market value of the bonds and stock combined for the year preceding April 1, 1920, was \$57,583,940. Equalizing this on the basis of 60 per cent produced \$34,550,364. The full value of the physical, or tangible property of this company as determined by the Board of Assessors for 1920, was \$29,282,514, which being deducted from the full equalized value of the invested capital left a balance of \$5,267,850, which represented the full assessed value of the capital stock in excess of the tangible property for the year 1920.

Poor's Manual, on page 1006, shows that the net income of this corporation for 1916 was \$330,572; for 1917 was \$778,015; for 1918 was \$409,976; and that in 1919 there was a deficit of \$374,016; and in 1920, the income was only \$182,461. The 1920 assessment of capital stock shows an increase of \$560,000 over that of 1919, due to the difference in earnings for said two years.

#### CHICAGO CITY RAILWAYS.

Poor's Manual for 1920, page 590, shows the value of this property as fixed by ordinance, to be \$54,442,498; capital stock outstanding is \$18,000,000; and the bonded indebtedness is \$33,926,000. The Tax Commission found that the fair cash market value of the shares of stock on April 1, 1920, was 71½ per cent and that the fair cash value of the bonds 75 per cent, producing a total value of the invested capital \$38,314,500. This was equalized on the basis of 60 per cent, producing \$22,988,700. The full value of the physical property, or tangibles, of the company, as fixed by the Board of Assessors of Cook County for 1920, was \$21,018,322; deducting this value of tangibles from the equalized value of the invested capital, left a balance of \$1,970,000 as the full value of capital stock subject to assessment for the year 1920.

The net earnings, as shown by Poor's Manual, page 591, for 1917, was \$1,749,710; 1918 was \$1,501,384; 1919 was \$846,187; 1920 was \$1,303,937. The capital stock assessment for 1920 was increased by \$170,000 full value over that of 1919 on account of the increased showing in earnings.

## CHICAGO TELEPHONE COMPANY.

The Chicago Telephone Company have capital stock of \$40,000,000 and outstanding bonds of \$19,004,000. The Tax Commission for 1920 found the value of the shares of stock to be 96.75 per cent and the value of the bonds to be 89 per cent on April 1, 1920, making the total amount of the invested capital \$55,613,560 which equalized on the basis of 60 per cent produces \$33,368,136. The tangible property of this corporation was assessed by the Board of Assessors in 1920 at \$35,888,810, hence there was no assessment on the capital stock of the Chicago Telephone Company for the year 1920 as the value of the tangible property exceeded the equalized value of the invested capital.

In 1919, the value of the stock and bonds of this company were considerably higher than in 1920, and the Tax Commission assessed the full value of the capital stock in excess of the tangibles at \$1,400,000 in 1919.

## THE PULLMAN COMPANY.

The Supreme Court of the United States, in *Delaware L. & W. R. R. Co. v. Penn.*, reported in 198 U. S. 341, in a case involving the assessment of capital stock of the railroad in question under a statute similar to the statute of Illinois, held that:

"So if the State cannot tax tangible property permanently outside the State, and having no situs within the State, it cannot attain the same end by taxing the enhanced value of the capital stock of the corporation which arises from the value of the property beyond the jurisdiction of the State. We think the State court is right in deducting, as it does, the value of the tangible property, when permanently held in another state, and we think that for the same reason the same rule should obtain in the case of tangible property situated as this coal was. We cannot see the distinction, so far as the question now before the court is concerned, between a tax assessed upon property, *eo nomine*, or specifically, when outside the State, and a tax assessed against the corporation upon the value of its capital stock to the extent of the value of such property, and which stock represents, to that extent, that very property. If the property itself could not be specifically taxed, because outside the jurisdiction of the State, how does the tax become legal by providing for assessing the tax on the value of the capital stock to the extent it represents that property, and from which the stock obtains its increased value? Can the mere name of the tax alter its nature in such case? If so, the way is found for taxing property wholly beyond the jurisdiction of the taxing power by calling it a tax on the value of capital stock, or something else which represents that property. Such a tax, in its nature, by whatever name it may be called, is a tax upon the specific property which gives the added value to the capital stock." (Page 257.)

The same rule in substance is laid down by the Supreme Court of the United States, in *Louisville & J. Ferry Co. v. Kentucky*, 188 U. S. 385; *Pullman Palace Car Co. v. Pa.*, 141 U. S. 18; and *Adams Express Co. v. Ohio State Auditor*, 166 U. S. 185.

The Supreme Court of Illinois, in *Keith Equipment Company v. Board of Review*, 283 Ill. 244, held:

"The power of a state to impose a tax does not extend to property which has no situs, either actual or constructive, within such state. Railway cars leased by the owner to transportation companies and em-

ployed and used in other states cannot all be taxed in the state of the owner's domicile, but each state in which the cars are used but not permanently located may levy a tax based on the average number of the cars in the state during the taxing period."

The report of the Pullman Company for the year ending December 31, 1919, shows the value of real estate, plants, buildings and machinery within the State of Illinois \$9,135,527; real estate, plants and machinery outside the State of Illinois, \$6,203,985; total, \$15,339,512. Materials and supplies within the State of Illinois, \$6,202,549; outside of the State of Illinois, \$5,422,642; total, materials and supplies, \$11,625,191. Cars in storage, not operated, \$1,516,031. Total number of cars in operation, 7,136; average value per car, \$16,609; fair cash value of all cars in operation \$118,534,553. Total car mileage operated within the State of Illinois, for calendar year 1919, 39,325,298 miles. Total car mileage operated within and without the State of Illinois for 1919, 776,250,565 miles.

Taking the car mileage operated within the State of Illinois as compared with the total car mileage, we ascertained that if the cars in operation were allocated on this basis the per cent which would be subject to taxation within the State of Illinois would be 5 per cent as compared with 95 per cent to be allocated to other states; and taking the value of the cars in operation at \$118,534,553, the value of the cars within the State of Illinois would be \$6,004,862 and without the State of Illinois, would be \$113,529,691.

Taking all of the property, both real and personal, reported within the State of Illinois, and all cars stored, not in operation, and the value of the cars operated within the State of Illinois, produced a combined valuation of \$22,858,969, and property outside of the State of Illinois on the same basis amounted to \$125,156,318 or a combined valuation of the tangible physical property of \$148,015,287.

These figures would show substantially 15 per cent of the tangible property was located within the State of Illinois and 85 per cent was located outside the State of Illinois. Eliminating the cars we found that the real and personal property within the State of Illinois was \$15,338,076 as compared with \$11,626,627 outside of the State of Illinois, or practically, 66 per cent of the tangible real and personal property was located within the State of Illinois.

The average of these two per cents when combined would indicate 40½ per cent of the property that should have been allocated to the State of Illinois, but we took it for the purpose of determining the proportion of the capital stock within the State of Illinois at 42½ per cent. Had we ascertained the assessed value of the cars operated without the State of Illinois and having their taxing situs in other states together with the assessed value of the real and personal property located in other states and added these to the assessed value of tangible property within the State of Illinois as fixed by the Board of Assessors, and deducted this combined assessed value of tangibles from the equalized value of the capital stock, the balance of the capital stock remaining subject to assessment would have been considerably less than the amount ascertained and fixed by the Tax Commission in 1919 and 1920. How-

ever, we were of the opinion that the capital stock should be allocated and assessed on the proportion which we found the physical property to be subject to assessment within and without the State rather than to attempt to ascertain the assessed value of the physical property in all of the states and deduct it from the capital stock.

The Tax Commission found that the par value of the capital stock of the Pullman Company outstanding on April 1, 1920, was \$120,000,000; that the fair cash value of the same was \$118 per share, making the total value of the invested capital \$141,600,000. Of this amount the Tax Commission found that 42½ per cent should be allocated to the State of Illinois, based on the value of the tangible property of the company within the State of Illinois compared with the value of its tangible property permanently located in other states and having its taxing situs outside of the State of Illinois. Forty-two and one-half per cent of the total value of the capital stock outstanding was found to be \$60,180,000; equalizing this on the basis of 60 per cent produced \$36,108,000. The equalized value of the tangible property as fixed by the local assessor in 1920 was \$19,871,706; deducting the tangibles, left a balance of \$16,236,000, which the Tax Commission found was the value of the capital stock in excess of the tangibles subject to assessment by the Tax Commission. This was an increase of \$236,000 full value of the assessment of the capital stock over the assessment of 1919; but the assessed value of the tangible property within Illinois is fixed by the Board of Assessors was decreased over that of 1919, which accounted for the increase in the assessment on the capital stock in 1920.

The State Board of Equalization for the years 1913-1917 inclusive, assessed the capital stock of the Pullman Company at \$15,535,000—taking the average for those five years. The market value of the shares of stock during this period was over \$160 per share. In 1918, when the market value of the shares of stock had decreased to \$130 per share, the State Board of Equalization increased the assessment on the capital stock to \$33,802,284, or more than double any assessment made by it during the five preceding years.

The tax on this increased assessment was enjoined by the Pullman Company, and the same is now pending in the Circuit Court of Cook County. If the assessments for the five preceding years, made by the State Board of Equalization, are right, then the assessment in 1918 was excessive and cannot be sustained. And if the rule had been followed as announced by the Supreme Court of Illinois and the Supreme Court of the United States, the assessment in 1918 upon the capital stock of the Pullman Company could not have exceeded the amount fixed by the Tax Commission in 1919 and 1920.

#### PEOPLES GAS LIGHT AND COKE COMPANY.

The capital stock of the Peoples Gas Light and Coke Company, outstanding on April 1, 1920, was \$38,500,000. The bonded indebtedness outstanding on said date was \$52,286,000. The Tax Commission found that the fair market average value of the shares of stock was \$44 and the fair market average value of the bonds outstanding was \$83.30.

Calculating the value of the invested capital on this basis, produced \$60,531,500, which equalized on the basis of 60 per cent produced \$36,318,900. The tangible property of the company as fixed by the Board of Assessors for 1920 was \$34,853,510, which deducted from the equalized value of the invested capital left a balance of \$1,465,390, which was the amount fixed by the Tax Commission as the full value of the capital stock and franchise in excess of the tangibles for the year 1920.

The full value of the capital stock in excess of the tangibles in 1919 was fixed by the Tax Commission at \$2,000,000 but the tangibles in 1920 were increased by the Board of Assessors \$531,690; and the market value of the securities had decreased in 1920 over the value in 1919, hence, the decrease in the assessment on capital stock in 1920.

#### ROCKFORD ELECTRIC COMPANY.

The Tax Commission found that the market value of the stock and bonds of the Rockford Electric Company on April 1, 1920, was \$2,379,906, which equalized at 60 per cent produced \$1,427,940. The full value of the tangible physical property of the company as fixed by the local assessor was \$1,153,626, leaving a balance of \$274,000, which the Tax Commission fixed as the assessed value of the capital stock in excess of its tangible property. In 1918 the tangible property of the Rockford Electric Company was assessed at only \$869,982 and this accounted largely for the high assessment on the capital stock in that year. The assessment in 1917 on the capital stock was only \$255,000 full value, as against \$274,000 fixed by the Tax Commission in 1920.

#### CENTRAL ILLINOIS PUBLIC SERVICE COMPANY.

This company was assessed by the State Board of Equalization for the years 1915-1918 at only \$15,000 full value. In 1919 the Tax Commission raised this assessment to \$1,100,000; in 1920 the assessment was \$1,800,000 as full value of capital stock of this company.

#### ST. LOUIS NATIONAL STOCK YARDS COMPANY.

This company was assessed on its capital by the State Board of Equalization for the years 1914-1918 at \$120,000. The Tax Commission increased this in 1919 to \$550,000 and in 1920 to \$570,000.

The number of new corporations assessed by the Tax Commission in 1920 was some 602 over the number assessed by the State Board of Equalization in 1918.

Of the assessments made by the State Board of Equalization in 1918, there were \$22,878,000 abated by injunction or by reason of the assessment of corporations which had no existence or had long been out of business. As an illustration, the Chicago Canal & Dock Company was assessed \$675,000 on its capital stock by the State Board of Equalization in 1918, when the Supreme Court of Illinois in October, 1916, had held that this company was not subject to a capital stock assessment

and sustained objections to a similar assessment made by the State Board of Equalization.

### APPEALS.

Notices of appeal were filed with the Tax Commission on its assessment of capital stock by the corporations hereinafter mentioned, and transcripts of the record were prepared and have been filed with the clerks of the Circuit Courts of the various counties where the principal offices of the companies are located.

Alton Hotel Company.

Crandall Transfer & Warehouse Company.

Marquette Improvement Company.

Manufacturers Hotel Association.

Plow City Garage.

Western Mausoleum Company.

Garfield Theatre Company.

Hirsh-Wickwire Building Company.

National Live Stock Commission Company.

Evergreen Cemetery Association of Chicago.

Woodlawn Cemetery Association of Chicago.

Oakridge Cemetery Corporation.

Aurora Bleaching & Dye Works.

Honorable Edward J. Brundage, Attorney General, has signified his willingness to represent the State in the matter of these appeals, and a copy of the transcript of the record has been furnished him in each case.

### WORK OF COMPILING ASSESSMENT FOR 1920.

The following constitute the clerical force employed by the Tax Commission on the 1920 assessment and compilation:

	Date appointed.	Rate of compensation.	Date salary increased.	New salary.	Date service ended.
Armstrong, Grace.....	July 21, 1919	\$100.00 Month.	May 1, 1920	\$125.00	-----
Ayres, Chloe.....	July 28, 1919	125.00 Month.	May 1, 1920	150.00	-----
Carman, Jessie D.....	Oct. 23, 1919	80.00 Month.	May 1, 1920	100.00	-----
Coffey, Daniel.....	Dec. 1, 1919	125.00 Month.	-----	-----	-----
Crenshaw, Pearl D.....	Sept. 16, 1919	100.00 Month.	May 1, 1920	125.00	-----
Eubanks, W. H.....	July 15, 1919	200.00 Month.	-----	-----	-----
Fitze, Marie C.....	July 1, 1920	100.00 Month.	-----	-----	-----
Garrett, Blaine.....	July 15, 1919	83.33 Month.	-----	-----	-----
Kelty, Mary.....	Dec. 20, 1920	75.00 Month.	-----	-----	-----
Lynch, Mary.....	July 28, 1919	100.00 Month.	May 1, 1920	125.00	-----
Moore, Taylor.....	Jan. 20, 1920	30.00 Month.	-----	-----	-----
Schindelbower, Flora.....	Aug. 16, 1920	100.00 Month.	-----	-----	Nov. 30, 1920
Sullivan, D. C.....	Aug. 20, 1920	125.00 Month.	-----	-----	Jan. 31, 1921
Williams, E. M.....	July 15, 1919	150.00 Month.	-----	-----	-----
Brady, Prentice E.....	Aug. 22, 1920	3.00 Day.	-----	-----	Nov. 6, 1920
Burke, Mary.....	Mar. 8, 1920	3.00 Day.	-----	-----	May 31, 1920
Fink, Ida.....	Feb. 4, 1920	3.00 Day.	-----	-----	May 31, 1920
Fink, Ida.....	July 21, 1920	125.00 Month.	-----	-----	Aug. 7, 1920
Kavanaugh, Andora.....	Jan. 6, 1920	3.00 Day.	-----	-----	Aug. 14, 1920
Morris, Katherine.....	Jan. 6, 1920	3.00 Day.	-----	-----	Dec. 11, 1920

## EXPENDITURES.

The following is the list of expenditures incurred by the Tax Commission from March 1, 1920, to March 1, 1921:

For salaries and wages—		
Regular pay roll to employees.....	\$20,797.54	
For compiling tax laws and judicial decisions.....	200.00	
Investigation Cook County tax records.....	722.00	
Transcribing hearings held before the Tax Commission.....	2,691.30	\$24,410.84
For office expense—		
Printing legal notices of assessments.....	1,581.96	
Rent.....	1,800.00	
Postage.....	835.00	
Express.....	48.24	
Telephone tolls and telegrams.....	47.21	
Miscellaneous—(Water, light, janitor supplies, repairs for typewriters, rent of typewriters, subscriptions to periodicals).....	480.65	4,793.06
For traveling expense—		
Traveling expense for officers.....	571.43	
Traveling expense for clerks.....	277.92	
Traveling expense for investigators.....	3,088.82	3,938.17
For equipment—		
Multigraph.....	706.58	
Typewriters.....	268.39	
Calculating machines.....	702.71	
Adding machines.....	206.20	
Furniture and shelving.....	738.10	
Library books.....	323.20	
Awnings.....	88.50	
Small tools.....	2.15	
	<hr/>	<hr/>
	\$36,177.90	\$36,177.90

### SUGGESTIONS BY THE TAX COMMISSION FOR AMENDMENTS TO THE REVENUE LAWS OF ILLINOIS.

We respectfully call attention to the following defects in the revenue laws of the State and recommend certain changes to which, we believe, there could be no objections and which would result in a more equitable assessment of all classes of property and a more equitable distribution of the burdens of taxation.

The present revenue law was first enacted in 1872 at the first session of the legislature after the adoption of the Constitution of 1870, and has been frequently amended and changed since that time by the legislature and many sections have been passed upon and construed by the courts. Certain classes of property have come into general use, such as tank cars, stock cars, refrigerator cars, pipe lines and other agencies used in interstate commerce owned by independent companies, which, under our present Constitution, cannot be reached for purposes of assessment and taxation. In the case of car lines used in shipping various commodities throughout this State the difficulty is in fixing a situs for assessment and taxation and apportioning the tax when levied among the different counties and political subdivisions and collecting such tax.

We would recommend that the Constitutional Convention now in session submit a revenue section under which the Legislature could enact suitable measures for the assessment and taxation of this class of property, or that the revenue section of the present Constitution be amended so that such property can be assessed and taxed.

Originally the capital stock of all corporations was assessed by the Board of Equalization which has been succeeded by the Tax Commission. The Legislature has at different times amended the law seeking

to exempt from assessment and taxation the capital stock of corporations organized for purely mercantile or manufacturing purposes, the mining and sale of coal, printing and publishing of newspapers, and breeding and improving of stock. The provision exempting such corporations from assessment and taxation on their capital stock was declared unconstitutional by the Supreme Court and such corporations are subject to a capital stock assessment by local assessment officers. There are between 25,000 and 30,000 corporations in existence organized under the laws of the State of Illinois, about four-fifths of which are included in the classes above named, and which are assessable by local assessment officers. Under the present statute there is no provision requiring these corporations to submit a schedule to the local assessor or board of review from which the value of their capital stock, if any, over and above tangible property can be ascertained. It is also very difficult to determine in a great many cases whether a corporation is a purely manufacturing or mercantile corporation and whether the Tax Commission or the local assessor has jurisdiction in fixing the capital stock assessment. If the assessment is made by the wrong authority the corporation has the right to apply to the courts and have the tax based on such assessment set aside and that has frequently been done. Necessarily, there is a great difference throughout the State in the assessment of corporations that are unquestionably under the jurisdiction of local assessors. In some few cities and localities the authorities have been diligent in ascertaining the value of the capital stock of such corporations over and above tangible property, and in making capital stock assessments, but in a majority of the counties of the State, owing to the wording of the statute and the fact that such corporations are not required to file schedules, no attention has been paid to the assessment of capital stock at all. During the past year the Tax Commission sent the supervisor of assessments of each county a list of the corporations subject to assessment by the local assessing officers, with instructions and rules for assessing the capital stock of such corporations, but from the information we have received different rules were adopted in each locality for assessing such capital stock, depending upon the individual views of different assessors and members of the various boards of review, with the result that throughout the State there has been as much, if not more, inequality in the assessment of capital stock of corporations, as in the assessment of other property in different localities of the State, which was called to the attention of the General Assembly in an exhaustive report submitted to that body by the sub-committee of the Revenue Committee of the House of Representatives of the Fifty-first General Assembly. There can be no doubt that a more uniform and just assessment would result if all corporations were assessed by the same authority and we recommend that the law be changed so that the capital stock of all corporations be assessed by the Tax Commission.

It has been found impossible to comply with the provisions of the statute for equalizing values of personal property and town and city lots. It is apparent that town and city lots in the different municipalities throughout the State vary so greatly in size, situation, environment and other circumstances which go to affect their values that it is

impossible to make any equalization of such tracts. The values of these town and city lots run all the way from that of the acre value of unimproved farm land in the vicinity of the smaller municipalities of the State to hundreds or thousands of dollars per front foot or square foot on the principal business streets of the larger cities, and it is impossible to reconcile any equalization of these values throughout the State. Assessment of such properties is strictly for the local assessment officers, according to the conditions and circumstances surrounding each piece of property. It is also practically impossible to secure any data from which a general equalization of the assessment of personal property can be made. We recommend that more careful attention be paid to the equalization of town lots and personal property by the boards of review of the different counties.

We recommend that provision be made by the State for the expense of bringing supervisors of assessments to Springfield once in each year in March for a conference with the Tax Commission and instructions from that body which would tend to a more uniform assessment of property throughout the State, and that in counties under township organization, the office of town assessor be abolished and that the duties heretofore performed by town assessors be performed by a county assessor elected in each county, and that said county assessor have the power to appoint the necessary deputies to assist him.

We recommend that it be made compulsory for all corporations to file Tax Commission capital stock returns, form No. 1.

We recommend that building and loan associations' secretaries be required to furnish a list of stockholders and a valuation of the different issues of shares of stock. Practically no return is ever made of these shares and a great many homestead and loan associations have departed from the law under which said associations had been formed, and have been in effect borrowing money under the guise of issuing paid-up shares of stock and have been lending money other than on homesteads, and to a great extent have done a banking business which is *ultra vires* and entirely outside the protection that the law furnishes to those who are depositors or share holders in banks. The law requires banks situated in this State to make return to the assessor showing the value of their shares of capital stock and to pay the taxes on the same for the shareholders in the town or city where the bank is situated. The same law in effect should be applied to homestead and loan associations.

We recommend that the owners of lands leased to oil and gas companies be required to furnish the names of the lessees and the terms of the leases and that pipe line companies be required to furnish necessary information as to the amount of royalties and compensation paid to the lessors and lessees.

We recommend the enactment by the Legislature of a law requiring any corporation dissolved subsequent to April first of any year, be held liable in case of such dissolution, for the taxes of that year, including capital stock tax.

We recommend that section 9 of an Act entitled, "An Act in relation to the assessment of property for taxation," approved June 19, 1919, be amended so that the Tax Commission may publish original assessments made by said commission in some newspaper of general circulation in the State, to be selected by it, or provide that the mailing of a notice to the corporation assessed shall be sufficient notice of such assessment. Under the present law where the State official newspaper is selected by competitive bidding for such work, the newspaper selected in 1919 and the newspaper which secured the work in 1920, were neither of them able to publish the assessments within a week after same were furnished by the Tax Commission. In 1919 a delay of three weeks was occasioned in publishing the assessments of Cook County corporations, resulting in a corresponding delay in the final hearings and certifying the list to the county clerk of Cook County. In 1920 there was a delay of two weeks in publishing the same list and but for the fact that the Tax Commission had started and finished its work well within the time allowed by law, there would have been a further delay and consequent loss to the county of Cook by reason of the fact that a large number of clerks and employees required to spread the taxes would have been kept waiting for the assessments certified by the Tax Commission.

We further recommend that county collectors be required to furnish annually a list of all corporations against which a capital stock assessment has been made and which have failed to pay the taxes levied on same, together with any information said county collector has been able to ascertain as to whether such corporation is still engaged in business and to what extent.

It has been brought to our attention that in many cases of objections to taxes and cases of enjoining the collection of taxes, particularly in the case of taxes levied on the assessments of capital stock of corporations, there has been practically no defense made on behalf of the taxing authorities or the public which is interested in the collection of taxes. We would recommend that the State's attorneys of every county be specifically required to appear in such matters and report to the Tax Commission the result of each case, and that the Attorney General be notified and required to assist in the defense of all suits brought to modify or abate taxes based on assessments made by the Tax Commission.

We recommend that the county collector publish and furnish to each taxpayer a statement showing the rate and amount of taxes paid per \$100 for the State, county, municipality, schools and other purposes, for which taxes are paid. This would show the taxpayer just what proportion of the public revenues is being spent for the various objects supported by taxation.

The foregoing suggestions as to the assessment of property are in accordance with the constant efforts of the Tax Commission as far as possible to assess all property that is liable to taxation and to assess all property alike.

The assessment of property for taxation has been the subject of a great deal of comment in recent years by writers on economic subjects, experts on taxation so-called and Tax Commissions. A great many

schemes have been devised and recommendations made which will tend to a higher valuation of property and consequent higher taxation. Time and space is lacking in this report to give even a synopsis of the various plans that have been proposed. Suffice it to say that nearly all proposed changes in the laws will tend to a higher valuations in assessment of property and a consequent increase or opportunity for increase in the taxes. It is a very simple matter to raise the assessment of property, or increase the revenues raised by taxation and any of the schemes proposed would be effective for that purpose. Of course, the amount of taxes to be raised depends entirely on the amount of money appropriated for public expenditures and the different schemes for raising taxes are directly inspired by those who desire to raise larger amounts of money for public expenditures. Nearly all of the changes in the law involve creation of new offices and new methods of administering the law which cost money to start with and will cost more money as time goes on. Most all proposed reforms in the laws are of this nature. It has been seldom suggested or advised that the appropriations for the various governmental agencies be decreased, but in reality that is the only course of procedure that will ever lower taxes.

The increase in taxes and the assessment of property for the purposes of taxation should never be greater proportionately than the natural increase and value of the property so taxed.

Since the last assessment of property in April, 1920, there has been a great shrinkage in the values of land, farm products and most other kinds of property assessed for the purpose of taxation; on the other hand there has been a marked increase in local taxes during the past few years particularly in the taxes levied for municipal purposes and schools and at the time of writing this report, February, 1921, a great many propositions are pending before the Legislature which, if enacted into laws, will require larger expenditures and result in very much larger appropriations and a consequent increase in the State tax rate to meet them, and there is no indication of any decrease in the expenditures for schools and municipal and other purposes which have increased out of proportion to other taxes during recent years.

Inasmuch as the amount of taxes depends upon the amount of appropriations made by the Legislature and the governing authorities of the different political subdivisions of the State, we deem it our duty to call attention to these matters at this time and suggest that the present decrease in values of property be considered before inaugurating changes in the laws that will entail greater public expenditures.

#### STATISTICAL REPORT.

Showing statistics of personal property, steam and electric railroads, capital stock assessments and equalization statistics.

TABLE No. 1—STATEMENT FOR THE PURPOSE OF THE EQUALIZATION OF PERSONAL PROPERTY AS BETWEEN THE SEVERAL COUNTIES FOR THE YEAR 1920 SHOWING THE STATE AVERAGE VALUE OF THE SEVERAL KINDS OF ENUMERATED PERSONAL PROPERTY AND THE PER CENT OF ADDITION OR DEDUCTION REQUIRED TO BRING THE ASSESSED VALUE TO THE STATE AVERAGE VALUE OBTAINED AS REQUIRED BY THE PROVISION OF SECTION 20 OF "AN ACT IN RELATION TO THE ASSESSMENT OF PROPERTY FOR TAXATION," APPROVED JUNE 19, 1919.

The Tax Commission having examined the abstracts of property assessed for taxation in the several counties as returned by the county clerks for the year 1920, and having separately considered the several classes of property, as required by law, the results are combined in one table, which we have examined, compared and perfected in such manner as deemed best to accomplish a just equalization throughout the State, preserving however, the principle of separate rates for each class of property. The results of the work are contained in the following tables, viz:

Table No. 2 shows the assessed value and the equalized value of each class of property assessed in counties, other than railroad property.

Table No. 3 shows the assessed value and the equalized value of each class of property belonging to railroads which was assessed in counties.

Table No. 4 shows the rate per cent of addition to, or deduction from the assessed value of each class of property other than railroad property.

Table No. 5 shows the rate per cent of addition to or deduction from the assessed value of each class of railroad property assessed in counties.

It is therefore ordered by the Tax Commission that the rates per cent set forth in Tables Nos. 2, 3, 4 and 5 be adopted as producing a proper equalization of the property in the several counties of the State for the year 1920.

TABLE No. 2—SHOWING THE ASSESSED VALUE AND THE EQUALIZED  
RAILROAD

TABLE NO. 8—SHOWING THE TOTAL EQUALIZED ASSESSED VALUE OF EACH OF THE 183 STEAM RAILROADS, AND OF THE 47 ELECTRIC RAILROADS IN THE STATE OF ILLINOIS, BY THE TAX COMMISSION, FOR THE YEAR 1920.

NO. 1—ALTON AND SOUTHERN RAILROAD.

Length of main track in Illinois, 16 miles, 5,175 feet.  
 Length of side or turnout track, 15 miles, 4,118 feet.  
 Assessment of main tract, \$20,000 per mile, \$3.787879 per foot.  
 Assessment side track, \$6.000 per mile, \$1.136364 per foot.  
 Assessment of rolling stock per foot of main track, \$1.064526.

AGGREGATE ASSESSMENT BY THE TAX COMMISSION.

Main track.....	Full value	\$679,204	Assessed value	\$339,602
Side or turnout track.....	Full value	189,342	Assessed value	94,671
Buildings on right of way.....	Full value	12,024	Assessed value	6,012
Rolling stock.....	Full value	190,880	Assessed value	95,440
Total.....		\$1,071,450		\$535,725
Equalized assessed value of railroad property assessed by local assessor.....				\$ 53,756
Aggregate equalized assessed value of railroad property.....				589,481
Total assessment per mile.....				34,716

NO. 2—ATCHINSON, TOPEKA & SANTA FE RAILWAY.

Length of main track in Illinois, 282 miles, 1,764 feet.  
 Length of second main track, 213 miles, 1,795 feet.  
 Length of side or turnout track, 198 miles, 3,680 feet.  
 Assessment of main track, \$20,000 per mile, \$3.787879 per foot.  
 Assessment second main track, \$7.000 per mile, \$1.325758 per foot.  
 Assessment side track, \$5.400 per mile, \$1.022727 per foot.  
 Assessment of rolling stock per foot of main track, .586829.

AGGREGATE ASSESSMENT BY THE TAX COMMISSION.

Main track.....	Full value	\$11,293,364	Assessed value	\$5,646,682
Second main track.....	Full value	2,986,760	Assessed value	1,493,380
Side or turnout track.....	Full value	2,145,926	Assessed value	1,072,963
Buildings on right of way.....	Full value	840,320	Assessed value	420,160
Rolling stock.....	Full value	1,797,106	Assessed value	898,553
Total.....		\$19,063,476		\$9,531,738
Equalized assessed value of railroad property assessed by local assessor.....				\$ 631,364
Aggregate equalized assessed value of railroad property.....				10,163,102
Total assessment per mile.....				35,996

NO. 3—BALTIMORE & OHIO SOUTHWESTERN RAILROAD (M. L.).

Length of main track in Illinois, 146 miles, 2,256 feet.  
 Length of second main track, 4 miles, 3,169 feet.  
 Length of side or turnout track, 90 miles, 2,480 feet.  
 Assessment of main track, \$13,500 per mile, \$2.556818 per foot.  
 Assessment second main track, \$5.500 per mile, \$1.041667 per foot.  
 Assessment side track, \$5.000 per mile, .946970 per foot.  
 Assessment of rolling stock per foot of main track, .316666.

AGGREGATE ASSESSMENT BY THE TAX COMMISSION.

Main track.....	Full value	\$3,953,536	Assessed value	\$1,976,768
Second main track.....	Full value	50,602	Assessed value	25,301
Side or turnout track.....	Full value	904,696	Assessed value	452,348
Buildings on right of way.....	Full value	251,910	Assessed value	125,955
Rolling stock.....	Full value	497,842	Assessed value	248,921
Total.....		\$5,658,586		\$2,829,293
Equalized assessed value of railroad property assessed by local assessor.....				\$ 515,321
Aggregate equalized assessed value of railroad property.....				2,884,614
Total assessment per mile.....				19,700

## NO. 4—BALTIMORE &amp; OHIO SOUTHWESTERN RAILROAD (SPRINGFIELD BR.).

Length of main track in Illinois, 225 miles, 2,419 feet.  
 Length of side or turnout track, 42 miles, 3,149 feet.  
 Assessment of main track, \$10,000 per mile \$1.893939 per foot.  
 Assessment side track, \$5.000 per mile, .946970 per foot.  
 Assessment of rolling stock per foot of main track, .316666.

## AGGREGATE ASSESSMENT BY THE TAX COMMISSION.

Main track.....	Full value	\$4,509,160	Assessed value	\$2,254,580
Side or turnout track.....	Full value	425,962	Assessed value	212,981
Buildings on right of way.....	Full value	33,550	Assessed value	16,775
Rolling stock.....	Full value	766,334	Assessed value	383,167
Total.....		\$5,735,006		\$2,867,503
Equalized assessed value of railroad property assessed by local assessor.....				\$ 3,144
Aggregate equalized assessed value of railroad property.....				2,870,647
Total assessment per mile.....				12,732

## NO. 5—BALTIMORE &amp; OHIO &amp; CHICAGO RAILROAD.

Length of main track in Illinois, 5 miles, 4,821 feet.  
 Length of second main track, 5 miles, 4,588 feet.  
 Length of side or turnout track, 26 miles, 4,378 feet.  
 Assessment of main track, \$30,000 per mile, \$5.681818 per foot.  
 Assessment second main track, \$8.000 per mile, \$1.515152 per foot.  
 Assessment side track, \$6.000 per mile, \$1.136364 per foot.  
 Assessment of rolling stock per foot of main track, .686678.

## AGGREGATE ASSESSMENT BY THE TAX COMMISSION.

Main track.....	Full value	\$354,784	Assessed value	\$177,392
Second main track.....	Full value	93,902	Assessed value	46,951
Side or turnout track.....	Full value	345,426	Assessed value	172,713
Buildings on right of way.....	Full value	111,400	Assessed value	55,700
Rolling stock.....	Full value	161,652	Assessed value	80,826
Total.....		\$1,067,164		\$533,582
Equalized assessed value of railroad property assessed by local assessor.....				\$139,728
Aggregate equalized assessed value of railroad property.....				673,310
Total assessment per mile.....				113,868

## NO. 6—BALTIMORE &amp; OHIO CHICAGO TERMINAL RAILROAD.

Length of main track in Illinois, 61 miles, 4,057 feet.  
 Length of second main track, 44 miles, 3,479 feet.  
 Length of side or turnout track, 125 miles, 4,649 feet.  
 Assessment of main track, \$60,000 per mile, \$11.363636 per foot.  
 Assessment second main track, \$9.000 per mile, \$1.704545 per foot.  
 Assessment side track, \$5.400 per mile, \$1.022727 per foot.  
 Assessment of rolling stock per foot of main track, .925233.

## AGGREGATE ASSESSMENT BY THE TAX COMMISSION.

Main track.....	Full value	\$7,412,204	Assessed value	\$3,706,102
Second main track.....	Full value	803,860	Assessed value	401,930
Side or turnout track.....	Full value	1,359,508	Assessed value	679,754
Buildings on right of way.....	Full value	1,959,478	Assessed value	979,739
Rolling stock.....	Full value	603,504	Assessed value	301,752
Total.....		\$12,138,554		\$6,069,277
Equalized assessed value of railroad property assessed by local assessor.....				\$ 139,502
Aggregate equalized assessed value of railroad property.....				6,208,77
Total assessment per mile.....				100,517

## NO. 7—BALTIMORE &amp; OHIO CONNECTING RAILROAD.

Length of main track in Illinois, 2 miles, 1,584 feet.  
 Length of second main track, 2 miles, 1,584 feet.  
 Length of side or turnout track, 106 feet.  
 Assessment of main track, \$25,000 per mile, \$4.734848 per foot.  
 Assessment second main track, \$7.500 per mile, \$1.420455 per foot.  
 Assessment side track, \$6.750 per mile, \$1.278409 per foot.  
 Assessment of rolling stock per foot of main track, .686678.

## AGGREGATE ASSESSMENT BY THE TAX COMMISSION.

Main track.....	Full value	\$115,000	Assessed value	\$57,500
Second main track.....	Full value	34,500	Assessed value	17,250
Side or turnout track.....	Full value	272	Assessed value	136
Buildings on right of way.....	Full value	1,040	Assessed value	520
Rolling stock.....	Full value	16,804	Assessed value	8,402
Total.....		\$167,616		\$83,808
Equalized assessed value of railroad property assessed by local assessor.....				\$ 7,150
Aggregate equalized assessed value of railroad property.....				90,958
Total assessment per mile.....				39,547

## NO. 8—BELT RAILWAY COMPANY OF CHICAGO.

Length of main track in Illinois, 29 miles, 4,831 feet.  
 Length of second main track, 23 miles, 1,400 feet.  
 Length of side or turnout track, 282 miles, 2,035 feet.  
 Assessment of main track, \$75,000 per mile, \$14.204545 per foot.  
 Assessment second main track, \$10,000 per mile, \$1.893939 per foot.  
 Assessment side track, \$6,000 per mile, \$1.136364 per foot.  
 Assessment of rolling stock per foot of main track, \$2.839330.

## AGGREGATE ASSESSMENT BY THE TAX COMMISSION.

Main track	Full value	\$4,487,244	Assessed value	\$2,243,622
Second main track	Full value	465,302	Assessed value	232,651
Side or turnout track	Full value	3,388,626	Assessed value	1,694,313
Buildings on right of way	Full value	120,166	Assessed value	60,083

Total		\$193,992		\$96,961
Equalized assessed value of railroad property assessed by local assessor				\$ 1,650
Aggregate equalized assessed value of railroad property				98,611
Total assessment per mile				25,408

## NO. 10—CALUMET AND WESTERN RAILROAD.

Length of main track in Illinois 3 miles, 2,224 feet.  
 Length of second main track, 3 miles, 1,968 feet.  
 Length of side or turnout track, 4 mile, 1,746 feet.  
 Assessment of main track, \$30,000 per mile, \$5.681818 per foot.  
 Assessment second main track, \$10,000 per mile, \$1.893939 per foot.  
 Assessment side track, \$7.00 per mile, \$1.325758 per foot.

## AGGREGATE ASSESSMENT BY THE TAX COMMISSION.

Main track	Full value	\$205,272	Assessed value	\$102,636
Second main track	Full value	67,454	Assessed value	33,727
Side or turnout track	Full value	60,630	Assessed value	30,315
Buildings on right of way	Full value	74	Assessed value	37
Total		\$333,430		\$166,715
Equalized assessed value of railroad property assessed by local assessor				\$ 22,095
Aggregate equalized assessed value of railroad property				188,810
Total assessment per mile				55,188

## NO. 11—CASEYVILLE RAILWAY.

Length of main track in Illinois, 4 miles, 3,179 feet.  
 Length of side or turnout track, 528 feet.  
 Assessment of main track, \$4,000 per mile, .757576 per foot.  
 Assessment side track, \$264 per mile, .500000 per foot.  
 Assessment of rolling stock per foot of main track, .359069.

## AGGREGATE ASSESSMENT BY THE TAX COMMISSION.

Main track	Full value	\$36,816	Assessed value	\$18,408
Side or turnout track	Full value	528	Assessed value	264
Buildings on right of way	Full value	8,904	Assessed value	4,452
Rolling stock	Full value	17,450	Assessed value	8,725
Total		\$63,698		\$31,849
Equalized assessed value of railroad property assessed by local assessor				\$ 1,350
Aggregate equalized assessed value of railroad property				33,199
Total assessment per mile				7,213

## REPORT OF THE ILLINOIS TAX COMMISSION.

## NO. 12—CHESAPEAKE &amp; OHIO RAILWAY OF INDIANA.

Assessment of rolling stock per foot of main track, .259178.

## AGGREGATE ASSESSMENT BY THE TAX COMMISSION.

Rolling stock.....	Full value	\$54,136	Assessed value	\$27,068
Total.....		\$54,136		\$27,068
Equalized assessed value of railroad property assessed by local assessor.....				\$ 1,400
Aggregate equalized assessed value of railroad property.....				28,468

## NO. 13—CHICAGO &amp; ALTON RAILROAD.

Length of main track in Illinois, 310 miles, 3,134 feet.

Length of second main track, 194 miles, 1,488 feet.

Length of side or turnout track, 276 miles, 3,664 feet.

Assessment of main track, \$15,000 per mile, \$2.840909 per foot.

Assessment second main track, \$6,500 per mile, \$1.231061 per foot.

Assessment side track, \$5,400 per mile, \$1.022727 per foot.

Assessment of rolling stock per foot of main track, \$1.045513.

## AGGREGATE ASSESSMENT BY THE TAX COMMISSION.

Main track.....	Full value	\$9,317,806	Assessed value	\$4,658,903
Second main track.....	Full value	2,525,664	Assessed value	1,262,832
Side or turnout track.....	Full value	2,988,292	Assessed value	1,494,146
Buildings on right of way.....	Full value	844,524	Assessed value	422,262
Rolling stock.....	Full value	3,463,480	Assessed value	1,731,740
Total.....		\$19,139,766		\$9,569,883
Equalized assessed value of railroad property assessed by local assessor.....				\$ 385,071
Aggregate equalized assessed value of railroad property.....				9,954,954
Total assessment per mile.....				32,051

## NO. 14—BLOOMINGTON, JACKSONVILLE &amp; ROODHOUSE RAILROAD (C. &amp; A.).

Length of main track in Illinois, 147 miles, 4,637 feet.

Length of side or turnout track, 50 miles, 1,151 feet.

Assessment of main track, \$13,000 per mile, \$2.462121 per foot.

Assessment side track, \$5,400 per mile, \$1.022727 per foot.

Assessment of rolling stock per foot of main track, \$1.045513.

## AGGREGATE ASSESSMENT BY THE TAX COMMISSION.

Main track.....	Full value	\$3,844,832	Assessed value	\$1,922,416
Side or turnout track.....	Full value	542,354	Assessed value	271,177
Buildings on right of way.....	Full value	93,472	Assessed value	46,736
Rolling stock.....	Full value	1,632,666	Assessed value	816,333
Total.....		\$6,113,324		\$3,056,662
Equalized assessed value of railroad property assessed by local assessor.....				\$ 34,577
Aggregate equalized assessed value of railroad property.....				3,091,239
Total assessment per mile.....				20,904

## NO. 15—DWIGHT &amp; PEORIA RAILROAD (C. &amp; A.).

Length of main track in Illinois, 80 miles, 2,725 feet.

Length of side or turnout track, 12 miles, 738 feet.

Assessment of main track, \$12,500 per mile, \$2.367424 per foot.

Assessment side track, \$5,400 per mile, \$1.022727 per foot.

Assessment of rolling stock per foot of main track, \$1.045513.

## AGGREGATE ASSESSMENT BY THE TAX COMMISSION.

Main track.....	Full value	\$2,012,902	Assessed value	\$1,006,451
Side or turnout track.....	Full value	131,108	Assessed value	65,554
Buildings on right of way.....	Full value	22,132	Assessed value	11,066
Rolling stock.....	Full value	1,033,800	Assessed value	516,900
Total.....		\$3,199,942		\$1,599,971
Equalized assessed value of railroad property assessed by local assessor.....				\$ 3,622
Aggregate equalized assessed value of railroad property.....				1,603,593
Total assessment per mile.....				19,916

## NO. 16—ILES MURRAYVILLE RAILROAD (C. &amp; A.).

Length of main track in Illinois, 34 miles, 1,829 feet.  
 Length of side or turnout track, 4 miles, 3,623 feet.  
 Assessment of main track, \$13,000 per mile, \$2.462121 per foot.  
 Assessment side track, \$5.400 per mile, \$1.022727 per foot.  
 Assessment of rolling stock per foot of main track, \$1.045513.

## AGGREGATE ASSESSMENT BY THE TAX COMMISSION.

Main track-----	Full value	\$893,006	Assessed value	\$446,503
Side or turnout track-----	Full value	50,610	Assessed value	25,305

 Assessment of rolling stock per foot of main track, \$.097834.

## AGGREGATE ASSESSMENT BY THE TAX COMMISSION.

Main track.....	Full value	\$116,570	Assessed value	\$ 58,285
Side or turnout track.....	Full value	47,290	Assessed value	23,645
Buildings on right of way.....	Full value	3,000	Assessed value	1,500
Rolling stock.....	Full value	215,200	Assessed value	107,600
Total.....		\$382,060		\$191,030

Equalized assessed value of railroad property assessed by local assessor	\$ 5,420
Aggregate equalized assessed value of railroad property	196,450
Total assessment per mile	20,223

## NO. 42—ST. LOUIS &amp; ST. LIBORY RAILWAY.

Length of main track in Illinois, 11 miles.  
Assessment of main track, \$800 per mile, .151515 per foot.

## AGGREGATE ASSESSMENT BY THE TAX COMMISSION.

Main track	Full value	\$17,600	Assessed value	\$8,800
Total		\$17,600		\$8,800
Total assessment per mile				\$800

## NO. 43—SOUTHERN ILLINOIS RAILWAY &amp; POWER CO.

Length of main track in Illinois, 15 miles, 1,235 feet.  
Length of side or turnout track, 1 mile, 4,070 feet.  
Assessment of main track, \$4,500 per mile, .852273 per foot.  
Assessment side track, \$3.750 per mile, .710227 per foot.  
Assessment of rolling stock per foot of main track, .116243.

## AGGREGATE ASSESSMENT BY THE TAX COMMISSION.

Main track	Full value	\$137,106	Assessed value	\$68,553
Side or turnout track	Full value	13,282	Assessed value	6,641
Buildings on right of way	Full value	4,250	Assessed value	2,125
Rolling stock	Full value	18,700	Assessed value	9,350
Total		\$173,338		\$86,669
Equalized assessed value of railroad property assessed by local assessor				\$ 21,227
Aggregate equalized assessed value of railroad property				107,896
Total assessment per mile				7,082

## NO. 44—SOUTH SIDE ELEVATED RAILROAD.

Length of main track in Illinois, 12 miles, 1,364 feet.  
Length of second main track, 12 miles, 782 feet.  
Length of side or turnout track, 16 miles, 4,810 feet.  
Assessment of main track, \$140,000 per mile, \$2.6515152 per foot.  
Assessment second main track, \$22,500 per mile, \$4.261364 per foot.  
Assessment side track, \$10,000 per mile, \$1.893939 per foot.  
Assessment of rolling stock per foot of main track, \$3.232249.

## AGGREGATE ASSESSMENT BY THE TAX COMMISSION.

Main track	Full value	\$3,432,334	Assessed value	\$1,716,167
Second main track	Full value	546,664	Assessed value	273,332
Side or turnout track	Full value	338,220	Assessed value	169,110
Buildings on right of way	Full value	207,600	Assessed value	103,800
Rolling stock	Full value	1,134,500	Assessed value	567,250
Total		\$5,659,318		\$2,829,659
Equalized assessed value of railroad property assessed by local assessor				\$ 127,844
Aggregate equalized assessed value of railroad property				2,957,503
Total assessment per mile				237,594

## NO. 45—ST. LOUIS &amp; OHIO RIVER RAILROAD.

Length of main track in Illinois, 17 miles.  
Length of side or turnout track, 8 miles, 3,010 feet.  
Assessment of main track, \$5,750 per mile, \$1.089015 per foot.  
Assessment side track, \$3,000 per mile, .568182 per foot.

## AGGREGATE ASSESSMENT BY THE TAX COMMISSION.

Main track	Full value	\$195,500	Assessed value	\$97,750
Side or turnout track	Full value	51,420	Assessed value	25,710
Buildings on right of way	Full value	5,150	Assessed value	2,575
Total		\$252,070		\$126,035
Total assessment per mile				\$7,414

NO. 46—STERLING, DIXON & EASTERN ELECTRIC RAILWAY.

Length of main track in Illinois, 16 miles, 4,390 feet.  
Length of side or turnout track, 4,450 feet.  
Assessment of main track, \$4,500 per mile, .852273 per foot.  
Assessment side track, \$3.750 per mile. .710227 per foot.  
Assessment of rolling stock per foot of main track, .117025.

AGGREGATE ASSESSMENT BY THE TAX COMMISSION.

Main track.....	Full value	\$151,484	Assessed value	\$75,742
Side or turnout track.....	Full value	6,320	Assessed value	3,160
Buildings on right of way.....	Full value	3,600	Assessed value	1,800
Rolling stock.....	Full value	20,800	Assessed value	10,400
Total.....		\$182,204		\$91,102
Total assessment per mile.....				5,412

NO. 47—TERRE HAUTE & WESTERN RAILWAY.

Length of main track in Illinois, 10 miles, 955 feet.  
Length of side or turnout track, 1,214 feet.  
Assessment of main track, \$6,000 per mile, \$1.136364 per foot.  
Assessment side track, \$4.800 per mile, .909091 per foot.  
Assessment of rolling stock per foot of main track, .079993.

AGGREGATE ASSESSMENT BY THE TAX COMMISSION.

Main track.....	Full value	\$122,170	Assessed value	\$61,085
Side or turnout track.....	Full value	2,206	Assessed value	1,103
Buildings on right of way.....	Full value	3,000	Assessed value	1,500
Rolling stock.....	Full value	8,600	Assessed value	4,300
Total.....		\$135,976		\$67,988
Total assessment per mile.....				\$6,678
